## Nebulizing Compressor Patient/Caregiver Education Sheet

Thank you for choosing Valley Mission Homecare Pharmacy to provide you with your Nebulizing Compressor! Should you have any questions or concerns about this equipment, please contact us at (509) 928-6400 Monday through Friday, 9:00 AM to 5:30 PM. If you are experiencing a life-threatening emergency, call 911. Please take a moment to periodically review the following regarding the use of this nebulizing compressor. This information is intended to supplement the information and instructions provided by the manufacturer in the owner's manual.

- This equipment is intended to be used only by a single individual.
- This equipment is powered by 110 volt household electrical voltage. Use prudent care to prevent injury or death by electrical shock. Never use the nebulizing compressor near water.
- Keep people and animals away from equipment when in use.
- The nebulizing compressor is intended for intermittent use according to the needs of the patient.
- Listen to and observe the equipment when in use. If you observe something that doesn't sound, feel or look correct, please contact us promptly.
- Please review where the owner's manual is located and refer to it when needed.
- The equipment is to be treated appropriately and in such a manner that it is not abused or neglected. You may be charged for any damage or wear to the equipment that is not related to normal usage.
- Adhere to manufacturers recommendations for replacement of nebulizer chamber and tubing replacement. Replacement nebulizer chamber and tubing are available by contacting us.
- Replace the filter according to manufacturer recommendations, or more frequently if operating in a dusty or smoky environment.
- Follow all instructions in the manufacturer owner's manual

Again, thank you for using Valley Mission Homecare Pharmacy for your medical equipment needs. Your signature below acknowledges that you have received this equipment and have been provided education on the use, care and maintenance, as well as full documentation for the this equipment
